Mr. Earle Poling,
Akron, Ohio.

March 25th. 1924

My dear Poling:

Just a line to thank you for your letter of February twenty-third with clippings enclosed. Also to express my appreciation of your good wishes.

I am delighted that the photograph for Chief Mertz arrived in time for the dinner and I regret exceedingly that the two photographs which I promised the firemen should have gone astray. I remember distinctly placing them together with another for Mr. Charles Sweeney in the hands of the framer and asking him to please send them at the same time of forwarding the large picture. So sorry there has been a mix up, but if you will let me have again the names of those men I shall send them others.

With every good wish and kind remembrances to Mrs. Poling ,

I am

Cordially yours,

Edward Johnson
